The Warrenville Park District is committed to conducting its recreation programs and activities in a safe manner and holds the safety of participants in high regard. The Warrenville Park District continually strives to reduce such risks and insists that all participants follow safety rules and instructions that are designed to protect the participant's safety. However, participants and parents/guardians of minors registering for this program must recognize that there is an inherent risk of injury when choosing to participate in recreational activities.

You are solely responsible for determining if you or your minor child/ward is physically fit and/or adequately skilled for the activities contemplated by this agreement. It is always advisable, especially if the participant is pregnant, suffers from an underlying medical condition, takes medication, smokes cigarettes, has a family history of coronary disease, or has recently suffered an illness, injury or impairment, to consult a physician before undertaking any physical activity.

Aerobic and other fitness exercises including such items as passive/resistive weight training, use of stair machines, jogging, free weights, and other training devices, despite careful and proper preparation, instruction, medical advice, conditioning, and equipment, pose a substantial risk of serious injury, including death. Understandably, not all hazards and dangers can be foreseen. Participants must understand that certain risks, dangers and injuries due to acts of God, slipping, falling, equipment failure, and failure in supervision/instruction, premises defects and all other circumstances inherent to recreational activities/programs exist. Dependent upon a person's physical condition, age, and skill level, aerobics and fitness exercises can involve a substantial risk of the following types of injuries. This list is by no means complete, but includes some of the more common ones:
