## GROUP FITNESS CLASS DESCRIPTIONS

### ANYTHING GOES

Challenge yourself and take it to the next level with a class that lets you experience something new each week. The instructor will get the heart pumping with exciting routines that may include strength training, cardio and a variety of equipment.

### BARRE

The ballet barre is your best friend during this class full of micro and isometric strength movements. Using light weights and lots of reps this class will target muscles you forgot you had!

### BOOT CAMP

The only thing we can promise about Boot Camp is that it will get you sweating! Be ready for different styles of cardio and strength training intended to work your entire body.

### CARDIO JAM

This energetic fitness class combines high-intensity cardio exercises with upbeat, rhythmic dance moves. Set to a motivating mix of music, this class is designed to get your heart pumping while improving endurance, coordination, and overall cardiovascular health.

### CYCLING

Love the calorie burning benefits of cardio but don't have a lot of time? Come take a ride during this 50-minute class, sure to get you sweating while working the legs and core.

### FABUCORE

This class is designed to strengthen ab and back muscles. The class is fun, educational, and full of practical advice on maintaining a strong core and posture throughout the day. A variety of ab, posture, and yoga work will be included.

### GENTLE CARDIO DANCE

This low impact cardio class mixes a variety of dance movements and involves the following: cardio, dance, strength, coordination, core, and balance.

### HATHA YOGA

This class introduces the new and experienced students who want to connect to the key elements of Yoga practice. Introducing the fundamentals of Yoga with a focus on breathing and alignment. One will be guided through Yoga postures to build strength, stamina and flexibility.

### HOLISTIC HATHA YOGA

This style of yoga is designed for mindful movement, breathwork, and relaxation designed to strengthen the body, calm the mind, and restore inner harmony. This class focuses on alignment, flexibility, and energy flow—perfect for anyone seeking a grounded, rejuvenating practice that nurtures both body and spirit.

### POWER HOUR CARDIO

Work out your frustrations in this high-intensity class! You will burn fat and relieve stress while gaining a great sense of self-confidence.

### RESTORATIVE YOGA

Restorative Yoga is a gentle and nurturing practice that focuses on relaxation, restoration, and rejuvenation of the body, mind, and spirit. In this class, participants will explore a series of restful poses supported by props such as blankets, bolsters, and blocks, allowing the body to fully surrender into each posture.

### STEPZONE

StepZone is a high-energy cardio workout that uses a raised platform (the step) to perform choreographed movements set to music. Designed to improve cardiovascular fitness, coordination, and lower-body strength.

### STRICTLY STRENGTH

Do you want to shape your body and develop strength, endurance and lean muscle? Discover the benefits of strength training. Not only does it have the potential to increase lean muscle and metabolism, it may help improve balance, flexibility, mobility and stability.

### TABATA FUSION

This high-energy workout blends the intensity of Tabata intervals with the best of cardio, strength, and flexibility training by alternate bursts of powerful movement with short recovery periods.

### TRX® KETTLEBELL

Ramp up your workout with this combination class that mixes suspension training with Kettlebell conditioning intervals. Increase strength, mobility, balance and core strength. Sculpt muscles and burn fat with this class.

### TRX® COREFIT

Strengthen, stabilize, and sculpt with this dynamic suspension training class focused on core power. Using TRX straps, you'll engage your entire body with low-impact, high-results movements that challenge balance, build strength, and boost endurance. All fitness levels welcome.

### TOTAL BODY STRETCH

In this class, we'll explore a variety of stretching techniques and exercises to target different muscle groups, improve joint mobility, and release tension accumulated from daily activities or intense workouts.

### WEIGHTED INTERVAL TRAINING

Use light to moderate weights allowing you to work your full body in a short period of time. The combination of using weights with multiple repetitions can burn fat and calories both during and after your workout, improving muscle tone, strength and overall health.

**\*All instructors can modify classes for every fitness level.**
